

Lowerhouse Junior School

Pupil Conferencing (SLT) – October 2025

Year 3 – Elm	
<p>Do you enjoy lessons in Year 3? Tell me why.</p> <p>What are the key expectations set by adults in your class around attitudes to learning and your work?</p>	<ul style="list-style-type: none"> – I like lessons in school because in Maths we learn new ways to solve problems which are better. Miss Lawton expects us to sit correctly on our chairs, so we are listening, and we don't injure ourselves. – I like Miss Lawton's lessons because we are learning about things to do with London in English and Geography. We are expected to wait to speak as we are told "One voice" to listen to who is speaking. – I like Guided Reading because I like learning facts. I'm reading a book called "Tiny but Deadly" about insects which is good. We are expected to always show respect to others in class.
<p>How does school keep you and children safe and around expectations around school?</p>	<ul style="list-style-type: none"> – Lots of doors are locked around school so people can't get in or people can't get out without a teacher. Teachers have a special thing around their neck that opens locked doors. – We are reminded about not to talk to strangers in school and through the railings. Visitors always wear a white name sticker so we know who they are. – We practice fire alarms going off. We go outside and line up near the new green sign in the playground.
<p>In Science you have been covering Health and Nutrition. Can you talk me through what you have learnt? <i>(In Science we have been learning about Health and Nutrition. Did you know?)</i></p>	<ul style="list-style-type: none"> – In science we have been learning about being healthy. Did you know if we don't drink enough water, our brain doesn't work properly because it is dehydrated and gives us headaches? – In science we have been learning about being healthy. Did you know protein makes us stronger? Protein comes from food like steak and chicken. – In science we have been learning about being healthy. Did you know fruits and vegetables have vitamins and minerals that are good for you?
<p>In Geography you have been learning about the UK. Can you talk me through what you have learnt? <i>(In Geography we have been learning about the UK. Did you know?)</i></p>	<ul style="list-style-type: none"> – In geography we have been learning about UK. Did you know Edinburgh is the capital of Scotland? – In geography we have been learning about UK. Did you know London is the capital of England and the capital of Wales is Cardiff? – In geography we have been learning about UK. Did you know the capital city of Northern Ireland is Belfast?
<p>Think of a topic you have covered in Maths during Year 3. Can you share what you have learnt? <i>(In Maths we have been learning about Did you know?)</i></p>	<ul style="list-style-type: none"> – In Maths we have been learning about column subtraction. Did you know if the top number is smaller than the bottom number we must exchange from the next number? (Solved $472 - 245 = 227$) – In Maths we have been learning about adding using an empty number line. Did you know we start with the number and first add the tens and then add the ones? (Added $324 + 61$ using a blank number line $324 + 60 = 384$ and then $384 + 1 = 385$) – In Maths we have been learning about perimeter. Did you know we add the sides together to work out the perimeter? (Solved perimeter of rectangle 6cm and 4cm. Labelled the sides not labelled and then worked out $6\text{cm} + 6\text{cm} + 4\text{cm} + 4\text{cm}$)
