Remembering Jean Walsh Through Our Benches

This morning, we unveiled our benches in memory of our beloved welfare staff member, Jean Walsh. Jean touched the lives of so many children, and we sincerely hope that these benches serve as a welcoming space for our children and families to come together and create lasting memories in her honour. A thank you to everyone in school for your kind donations and to Jean's family for their unwavering support.

A Gentle Reminder About Parking

As we gather at the start and end of each school day, we would like to kindly remind everyone to refrain from parking in safety areas and on the double yellow lines around our school. This simple act ensure that our neighbourhood remains safe and accessible for everyone, especially our many families and local residents. Your support allows for safer walks to and from school and supports our community around school. Thank you all for your continued support to keep our school environment safe!

Get Ready for PE and Coats!

As we settle into our full timetables, we'd like to take a moment to remind all our children to come prepared for PE on their scheduled days! Please ensure you are wearing the correct PE kit and are ready to give your all during lessons. Additionally, with the unpredictable British weather upon us, it's crucial to remember your coat! We've noticed a number of children without their coats recently, and we want everyone to stay warm and dry during this Autumn season.

Curriculum In Action: PE – Partner Balances (Y6 Sycamore)

What an incredible display of teamwork and balance Year 6 Sycamore showcased during their recent PE session with Mr Pope! They took partner balancing to new heights, demonstrating not only their physical skills but also their ability to support and encourage one another. The students worked together brilliantly. It's fantastic to see our children pushing their limits and celebrating each other's achievements.

Online Safety Tip

What Parents and Carers Need to Know Using and reviewing parental controls

Phones and computers are essential parts of children's lives, but with unfettered internet access comes a multitude of risks. While not foolproof, parental controls can help with this; filtering out inappropriate content, limiting the ability to spend real money and making devices safer for young people.

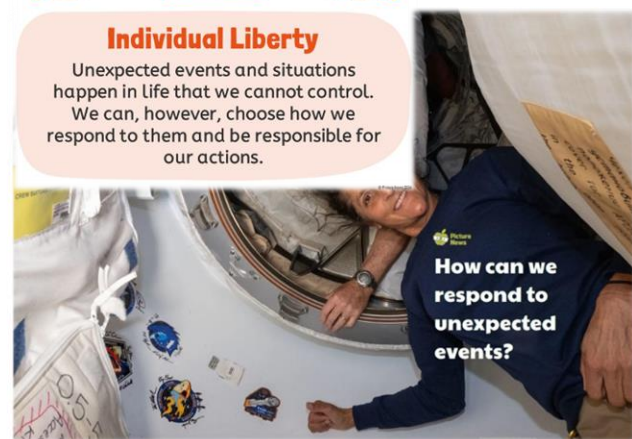

Picture News & British Value!

Individual Liberty

Unexpected events and situations happen in life that we cannot control. We can, however, choose how we respond to them and be responsible for our actions.
